

HYBRID CALYCANTHUS PLANT NAMED 'VENUS'

ABSTRACT

5 *Calycanthus* cultivar 'Venus' is a medium-sized, multi-stemmed shrub
producing large, yellow-green flower buds that open to unique large, white
magnolia-like flowers with yellow and purple infusions in the center. The
flowers open widely, such that all of the tepals are visible, and are fragrant
with the fruity aroma of strawberries and melons.
